Issue No. 3/2015 (AUG)

MALAYSIAN AUTOMOTIVE ASSOCIATION

KDN No. PP 5666/04/2013 (032548)

HOPE FOR SECOND HALF YEAR TIV REBOUND

Despite a slight 3.3% drop in first six months, the next six may perform better

The Total Industry Volume (TIV) of new motor vehicle sales in Malaysia for the first six months of this year was 322,184 units, down by 10,972 or 3.3% compared to the same period last year. This was reported by MAA President, YBhg. Datuk Aishah Ahmad in a press conference held on 28th July 2015.

However, she said that there is a possibility that with the continued strong efforts by MAA Members in marketing their vehicles combined with possible economic improvements in the country, the TIV for the year could be just as impressive as previous years.

Despite a hefty increase of 4WD/SUV sales by 58% (9,504 units) to 25,691 units, total sales of passenger cars dropped 3.5% (10,257 units) to 286,533 units while the commercial vehicle segment dropped marginally by 2% (715 units) to 35,651 units in the first six months of this year compared to the same period last year. The greatest drop in the passenger car segment was multi-purpose vehicles which saw a 30.6% (15,316 units) decrease to 34,768 units.

In the commercial vehicle sector, sales of pick-ups increased slightly by 0.6% (144 units) while other segments saw marginal drops.

Despite the slightly lower TIV, total production volume (TPV) for the first six months of the year saw an increase by 3.1% (9,772 units) to 327,664 units. Production of passenger cars increased by 3.5% (302,102 units) while that of commercial vehicles dropped by 2% (20 units) to 25,562 compared to the same period last year. (See chart on pg.3).

YBhg. Datuk Aishah briefing the media on the first six months TIV.

As usual, a big media turn up.

Full attendance by MAA's Management Council members.

SLIGHT REVISION FOR 2015 TIV FORECAST

The MAA revises TIV forecast by 0.5%

At the press conference announcing the first six months sales and production performances by MAA Members, YBhg. Datuk Aishah Ahmad also announced a slight revision of the association's original forecast announced on 21st January 2015. The difference is only a small 0.5% lower TIV to 670,000 units instead of 680,000 units. This figure is still higher than the TIV of 666,465 units achieved in 2014.

MARKET SEGMENT	2015 (Original forecast)	2015 (Revised forecast)	2014 (Actual)
Passenger Vehicles	600,700	591,800	588,341
Commercial Vehicles	79,300	78,200	78,124
Total Vehicles	680,000	670,000	666,465

MALAYSIA AMONG ASEAN TOP THREE TIV

Singapore TIV highest increase in the region

In the first six months of this year, sales of new four-wheeled motor vehicles in the ASEAN region declined slightly by 8% to 1,481,977 units compared to 1,608,950 units achieved in the same period last year. TIV increases in the Philippines, Singapore and Vietnam helped cushion the drops in the remaining ASEAN member nations. Nevertheless, the TIV forecast for this year remains at an impressive 3,178,000 units. (See chart on pg.3)

NEW ISUZU MALAYSIA CEO

Mr. Kenji Matsuoka took over on 20th April 2015 from Mr. Kimitoshi Kurokawa as the new CEO of Isuzu Malaysia Sdn. Bhd. Mr. Matsuoka, who holds a Bachelor of Science degree in Engineering from Mie University, was previously the CEO at Isuzu-Hicom Malaysia (IHM), a position he assumed in 2012 after spending four years as the CEO of Isuzu Vietnam Co Ltd. While aiming to maintain the company's position as the No. 1 truck brand in Malaysia, he also hopes to achieve a 20% market share for the Isuzu D-MAX pick-up trucks in the medium term.

Mr. Kurokawa returns to Isuzu Motors Limited, Japan to oversee a wide network of markets that includes the Commonwealth of Independent States (CIS), Middle East, Latin Americas, Africa and Southeast Asia.

HONDA E.M.LOGISTICS HUB OPERATIONAL

Honda Malaysia Sdn. Bhd. announced on 2nd June 2015 the establishment of its East Malaysia Centralized Distribution Centre (Logistics Hub) in Kota Kinabalu, Sabah and Kuching, Sarawak. The Logistics Hub reduces vehicle delivery period to Honda dealers in East Malaysia to only 3 days. It is operated and managed by a shipping and logistics management company, Giga Shipping Sdn. Bhd.

Honda Malaysia targets to increase its East Malaysian sales to 600 units a month by 2016 by establishing a regional office, training facilities and parts warehouse, establishing four new 2S centres and upgrading its ten existing 3S centres there. In 2014, Honda sales there contributed to 5.6% of its overall sales and between January and April 2015, saw a 45% increase in sales to 1,617 units.

NEW MERCEDES-BENZ MALAYSIA PRESIDENT & CEO ANNOUNCED

Mercedes-Benz Malaysia on 10th June 2015 named Dr Claus Weidner as the successor to current President and CEO, Mr. Roland Folger. Dr Weidner will officially assume the role in October 2015 and brings to Mercedes-Benz Malaysia over 20 years' experience. Under the Mercedes-Benz banner, he has held different positions in Sales and Marketing and Corporate Strategy at the headquarters in Germany. Dr Weidner has also been the Head of Sales/Marketing Passenger Cars in China and leading the entire Mercedes-Benz business in Hong Kong and Macau, and most recently, Indonesia.

Under Mr. Folger's leadership since 2011, Mercedes-Benz Malaysia has evolved into the leading premium brand in the Malaysian market and the company has become the number one premium automotive manufacturer. The emphasis of Mr. Folger's tenure has been cross-functional cooperation, training, process optimisation and employee satisfaction. Spearheading the 'Employer of Choice 2014' project, he has led the company to win a regional HR award making it one of the best companies to work for in 2014. He moves on to spearhead Mercedes-Benz India Pvt. Ltd as its Managing Director and CEO later this year.

PERODUA TARGETS 1 MILLION UNITS

Perodua is targeting to sell 1 million Myvi units by the end of 2017 based from the 850,000 already sold as of end-April 2015 on momentum of demand as well as other promotions.

"The Myvi, which is celebrating its 10th Anniversary this year, has been well accepted. On average, the Myvi's bookings so far this year is about 8,000 units per month," Perodua President and CEO, YBhg. Datuk Aminar Rashid Salleh said on 21st May 2015.

MERCEDES-BENZ MALAYSIA ALL-TIME HIGH SALES

Following the successful first four months sales of 2015, Mercedes-Benz Malaysia announced yet another record month for passenger cars, registering 1,143 units in May, an improvement of more than 100% from the 544 units registered during the same period last year.

"Mercedes-Benz Malaysia is on the road to success. We have had an exceptional start to 2015 with sound performance in all type classes, and the figures recorded are a direct result of our dynamic market strategy. As we further strengthen our leadership position in the luxury segment, our number one priority remains our customers' satisfaction. Just as we continue to produce quality luxury passenger cars, we are focused on exceeding customer expectations," said Mercedes-Benz Malaysia President and CEO, Mr. Roland Folger.

Mercedes-Benz Malaysia's record sales in May was preceded by positive sales from January to April 2015. During the first quarter, Mercedes-Benz Malaysia delivered a total of 1,886 units, followed by 932 units in April.

ACM DELIVERS 60 ISUZU TRUCKS TO TNB

Isuzu Malaysia through its authorised dealer, Automotive Corporation (Malaysia) Sdn Bhd (ACM), a subsidiary of the DRB-HICOM Group (DRB-HICOM), on 23rd April 2015 handed over 60 units of the customised Isuzu light duty trucks to Tenaga Nasional Berhad (TNB). The event marked the 1st phase of 200 units of trucks to TNB over the next 2 years. The deal is worth RM31 million, A symbolic mock key presentation from the CEO of Isuzu Malaysia, Mr. Kenji Matsuoka to TNB's Senior General Manager, Procurement Vendor Management Dept, Tuan Haji Adibi bin Ambak, marked the official handover of the vehicles. The ceremony was also witnessed by DRB-HICOM's Head of Operations, Automotive Distribution and Manufacturing, YBhg. Dato' Hisham Othman, TNB's President of Kesatuan Percantuman Pekerja-Pekerja (K3P), En. Abu Hussin Bin Nekmat and Automotive Corporation (Malaysia)'s COO, Mr. Chin Tan Hee.

Speaking at the ceremony, Mr. Matsuoka expressed his gratitude to TNB in recognising the strong product qualities of Isuzu trucks, including its superior durability and fuel efficiency that would help keep TNB's services running smoothly and cost efficiently.

MORE THAN 100 JIMNY AT SUZUKI ROCK THE ROAD 3.0

A 3-day-2-night off-road adventure sponsored by Suzuki Malaysia Automobile Sdn. Bhd (SMA) on 15th May 2015 attracted 100 Suzuki Jimny and about 400 people. Among the die-hard Jimny fans were two from Indonesia who were very impressed and happy with the gathering near Tanjong Malim in Perak. Mr. Keiichi Suzuki, Managing Director of SMA was amazed by the overwhelming support by Jimny owners including some who managed to tackle the toughest stages with the greatest of enthusiasm.

TOYOTA VIOS IS FROST & SULLIVAN COTY

The Toyota Vios has added yet another accolade to its name by winning the Car of the Year award at the 2015 Frost & Sullivan Malaysia Excellence Awards.

In deciding the winner, Frost & Sullivan Malaysia's panel of judges evaluated not just the product itself, but also distributor UMW Toyota Motor's performance in managing the product.

Mr. Shahrul Farhan, Industry Analyst, Automotive & Transportation Practice, Asia Pacific at Frost & Sullivan said, "The Frost & Sullivan Car of The Year award is presented to the leading passenger vehicle model that has been wholly exemplary in terms of sales volume, sales growth and market share, brand positioning and overall cost of ownership. The Toyota Vios has shown the overall sales growth of 56% compared to the previous year, with more than 42,000 units sold in 2014. This achievement ensures that this model continues as the top-selling entry-level Japanese model in Malaysia. Therefore, the 2015 Frost & Sullivan Malaysia Car of The Year is without a doubt, the Toyota Vios."

MYVI AWARDED BEST VALUE-FOR-MONEY COTY

The Perodua Myvi received on 14th April 2015 the best Value-for-Money Car of the Year award (1.3L above category) at the annual Frost & Sullivan Malaysia Excellence Awards. Receiving the award was En Zahari Husin, Perodua Chief Operating Officer.

It was awarded based on the quantitative measurements which include sales volume for 2014, selling price of the model in 2014, part costs, fuel consumption and the total cost of ownership over a 5-year period or approximately 100,000km usage.

"This award is a testament to the Perodua Myvi and as an extension to Perodua as it demonstrate our overall commitment to bring you the best in terms of in-built quality and value preposition," Perodua President and CEO YBhg. Datuk Aminar Rashid Salleh said. Perodua has sold more than 830,000 units of the Myvi since its launch in 2005 and the vehicle continues to be the nation's favourite.

MERCEDES-BENZ OFFICIAL CAR OF ISMSSC 2015

Mercedes-Benz Malaysia Sdn Bhd was recently appointed the official vehicle sponsor for the 2015 International Sports Medicine and Sports Science Conference which was held from 20th to 23rd April 2015 at The Marina, Putrajaya. The Mercedes-Benz Malaysia fleet of vehicles consisted of 11 vehicles ranging from the new E-Class to the sporty A-Class used primarily to transport the conference key note speakers and delegates.

"We are pleased to support the conference as a vehicle sponsor. It is our inaugural role as transport provider for this event. Mercedes-Benz has a longstanding and active role in sports, particularly in the field of football and motor racing. As such, we have this in common with a forum that brings together leaders who are keen on enhancing the field of sports medicine and sports science. We hope the delegates enjoyed our vehicles and had a positive and productive conference that will ultimately lead to the greater success of high performance sports," said Mercedes-Benz Malaysia Vice President, Sales and Marketing, Passenger Cars, Mr. Mark Raine.

FIRST EVER BMW WORLD EXHIBITION IN MALAYSIA

BMW Group Malaysia held on 17th April 2015 its first ever BMW World Malaysia, a three-day exhibition featuring six new vehicles from the BMW Group brands – BMW, MINI and BMW Motorrad – as well as an experiential showcase of the brand's landmark concept vehicles for the first time in Asia. It included the introduction of the all-new BMW 2 Series Active Tourer, the new BMW X6 and for the first time in Malaysia, BMWi with the all-new BMW i8. Also introduced were the new MINI John Cooper Works, the new MINI Cooper 5-Door and the new locally-assembled MINI Cooper Countryman.

During the opening ceremony, Mr. Alan Harris, Managing Director and CEO of BMW Group Malaysia said, "We at BMW have always believed in creating an all-round unforgettable experience for our customers, and we wanted to do so through a space which communicates the heart of the brands we carry. We hope that with the BMW World Malaysia, our valued customers will enjoy a brand experience that is unlike any other."

MALAYSIAN SELECTED KIA GLOBAL AMBASSADOR

Naza Kia Malaysia announced on 16th June 2015 that Mr. Lim Chee Kin from Shah Alam, Selangor was personally selected by Kia Motors Corporation as Kia Global Ambassador.

"With over 2,600 followers on social media, Mr. Lim's active postings show that he is passionate about the brand. This is a positive indicator that Kia has elevated the quality of aftersales from the past and will continue to do so well into the future. Potential and current Kia customers are certain to be won over by Mr. Lim's infectious love of the brand," said En. Asrul Affendi, Head of Service Operations, Naza Kia Malaysia Sdn Bhd.

A fan of the brand since 2011, Mr. Lim owns a Rio SX and actively promotes Kia across all social media platforms, which proved to be the deciding factor in the decision to name him brand ambassador. As Kia Global Ambassador, he received an ambassador sticker, plaque, Kia exclusive merchandise and RM1,000.00 service voucher. Other benefits comprise awards eligibility, early updates on new car launches and special event invitations.

Kia Global Ambassadors are customers who share their positive experiences with Kia across Kia's social media platforms and social channels as well as on their own personal social media channels with friends and families.

ETCM LEGOLAND ROAD SAFETY PROGRAMME

Edaran Tan Chong Motor (ETCM) launched on 20th April its 2015 Nissan Safety Campaign at LEGOLAND® Malaysia Resort, as part of its corporate social responsibility towards its customers and members of the general public. This year, the Campaign will focus on educating young children and adults through two programmes - Kids Safety Carnival 'My First Safety Programme with Nissan' and Safety Driving Experience. According to YBhg. Dato' Dr. Ang Bon Beng, Executive Director of ETCM, the response received by ETCM in previous Safety Campaigns was overwhelming and became the driving motivation for ETCM to continue with this year.

VOLKSWAGEN MALAYSIA CPS PROGRAMME

Volkswagen is partnering the Association of Registered Childcare Providers Malaysia (ARCPM) or Persatuan Pengasuh Berdaftar Malaysia (PPBM) to carry out a child passenger safety (CPS) training module across 280 childcare centres nationwide. The trainings aim to ensure an extended reach of child safety in cars to Malaysians at large.

At the Child Passenger Safety workshop organised for media and Volkswagen staff on 6th June 2015, Puan Sharifah Salmah Syed Harun, Director of Human Resource, Volkswagen Malaysia shared, "Many parents thought the safest way to carry a baby is in their arms and it is not unusual to see toddlers riding on adults' lap. We believe it is of utmost importance to educate people about the seriousness of this issue. Our goal is to change mind-sets and help parents take appropriate steps to ensure the safety of their children in cars."

According to Volkswagen Malaysia, more than 400,000 road accidents were recorded in 2012 in Malaysia while the 2011 MIROS Report showed children were the first and the second leading groups of casualties with aged 1–4 years old at 43.8% and 5–9 years old at 30.2% respectively.

Through this campaign, the CPS trainers from PPBM's network train other operators of childcare centres to educate approximately 28,000 parents on the importance of using proper child car seats. Aside from the roll out of the CPS training module, Volkswagen Malaysia donated 200 Volkswagen child safety seats and 10,000 copies of the A-Z of road safety flash cards to PPBM.

PERODUA TWECKBOT FOR RAYA

Perodua provided free 50-point safety check to all Perodua vehicles at selected locations in conjunction with the festive season. The Tweckbot programme, which was introduced in 2011, is a first for Perodua whereby it engages its customers via social media to offer free safety inspections at specified time, date and locations. The Tweckbot 2015 Chinese New Year programme attracted nearly 500 Perodua owners to check their cars before and after the festivities.

MERCEDES-BENZ LAUNCHES FREE CHILD SEAT RENTAL

In its quest to make road travel safer for children, Mercedes-Benz Malaysia announced on 26th June 2015 that it is offering free rental of child car seats. Effective 1st July 2015, 110 units of child car seats are available to members of the public on a first-come-first-served basis.

Kicking off the free car seat rental campaign, Mercedes-Benz Malaysia Vice President, Passenger Cars, Mr. Mark Raine, explained, "Safety has always been a key pillar for Mercedes-Benz. We hope that our rental campaign, which will begin during this travel season and continue for the rest of 2015, will assist families who are travelling with young children. While we encourage motorists to ensure that their vehicles are in good condition before a long drive, we also urge those travelling with young children to take advantage of this added safety feature to safeguard the occupants in the vehicle, especially children."

The child car seats are fully ECE R44-compliant convertible car seats. Available in two options with ISOFIX-points (birth up to 18kg) and without ISOFIX-points (birth up to 25kg), these seats convert from a rear-facing infant seat to a forward-facing car seat, and protects children from birth up to 25 kg. For a refundable deposit of RM150 (without ISOFIX) and RM300 (with ISOFIX), families will be able to use the car seat for a period of one month. The free child car seat rental campaign is for a duration of six months, from July 2015 to December 2015. Mercedes-Benz Malaysia's free child car seat rental campaign is an extension of 'MobileKids', a long-term and sustainable corporate social responsibility programme initiated by its parent company, Daimler AG, in 2001. Aimed at keeping drivers and road users, particularly children, safe, 'MobileKids' engages both children and youth using age appropriate and fun methods incorporating real-life road situations.

TOYOTA CONTINUES TECHNICAL EDUCATION PROGRAMME

To date, UMW Toyota has spent RM1.5 Million supporting six technical colleges

Since 1991 and initiated by Toyota Motor Company, Japan, the Toyota Technical Education Programme (T-TEP) has supported six local technical institutions. The T-TEP provides training equipment and simulators to help students keep abreast with the latest automotive technology in the world. This was disclosed by UMW Toyota Motor Sdn. Bhd. President YBhg. Datuk Ismet Suki at a MOU signing ceremony with WIT College on 13th April 2015.

Guest of honour for the ceremony was Minister of Rural and Regional Development YB Dato Seri Hj Mohd Shafie Bin Hj Apdal in the presence of WIT College President YBhg. Tan Sri Zainal Rampak.

Through T-TEP, potential UMW Toyota Motor employees are already exposed to the Toyota culture and discipline which help them to blend into the company easily. The programme is currently initiated in 436 institutions throughout 52 countries.

T-TEP ties up with its sixth institution in Malaysia.

PERODUA MYVI CELEBRATES 10TH ANNIVERSARY!

A special edition Myvi in conjunction with its 10th anniversary.

The Perodua Myvi celebrated its 10th Anniversary with games, contests, hot air balloon rides, concerts and other fun activities including an unveiling of a Commemorative Limited Edition Myvi unit. Launched on 25th May 2005, it has been well accepted by Malaysians and has sold over 840,000 units to date in 10 variants.

"We are happy yet humbled that the Malaysian public has responded so well to the Myvi and today's event is to recognise and celebrate that support with all of you here in an atmosphere of festive solidarity," said YBhg. Datuk Aminar Rashid Salleh, President & CEO of Perodua.

NEW ELECTRONIC AUTOMATIC TRANSMISSION FACTORY OPERATIONAL

The RM200 Million investment in Seremban bears fruit

With a target of 60,000 units of electronic automatic transmissions to be produced a year, Akashi Kikai Industry (M) Sdn. Bhd. is geared for better days ahead. The JV company with Daihatsu Malaysia having a 39% share and Perodua 10% started rolling out high tech units in ultra modern facilities of highest standards.

The 5-speed automatic transmission units are currently used by locally made Perodua vehicles and Daihatsu's parent company in Japan.

One of the most sophisticated automotive component factories in Malaysia.
